

Insurance Check List

This form is designed to help you determine the true insurance value of your vehicle and its accessories / modifications. Further having established this value it provides a list of questions you should ask all insurers when obtaining a quote.

TCIS Alternate

Is the policy an agreed value contract **Yes**

If agreed value, does this value include all accessories as listed on the back of this form? **Yes**

If a market value contract is the value increased by your accessories in the case of total loss? **Yes**

Does the policy cover all legal modifications? **Yes**

Are you covered anywhere in Australia ie on beaches, barges and off designated tracks? **Yes**

Does the policy have limits on recovery costs? **No**

Does the policy cover recovery gear **Yes**

Does the policy extend to include your fridge **Yes**

Does the policy include your GPS / HF radio etc. **Yes**

**It is strongly recommended you ask alternate insurers to confirm their answers in writing!
If they won't – you may not be covered**

Please complete your Vehicle Valuation guide on the reverse of this form before obtaining insurance quotes- Append your valuation guide to any quote request.

Vehicle Valuation Guide

Insurable Value: Motor Vehicle Insurance is an indemnity contract not new for old. Your Insurable Value must take depreciation into account.
